MANAGEMENT INFORMATION CIRCULAR

(Containing information as at July 1, 2020 unless indicated otherwise)

SOLICITATION OF PROXIES

This Management Information Circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by the management of Excellon Resources Inc. (“**Excellon**” or the “**Corporation**”) for use at the Annual Meeting of holders (“**Shareholders**”) of common shares (“**Common Shares**”) of the Corporation and any adjournment thereof to be held at 4:00 p.m. (Toronto time) on Thursday, August 13, 2020 (the “**Meeting**”) at the place and for the purposes set forth in the accompanying notice of Meeting. The enclosed proxy is being solicited by the management of the Corporation. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally, by facsimile or by telephone by the regular employees of the Corporation at nominal cost. All costs of solicitation by management will be borne by the Corporation. The Corporation may also retain, and pay a fee to, one or more professional proxy solicitation firms to solicit proxies from Shareholders.

The contents and the sending of this Circular have been approved by the directors of the Corporation. **All dollar amounts referenced are expressed in Canadian dollars.** All references to the Corporation shall include its subsidiaries as the context may require.

NOTICE AND ACCESS

The Corporation has elected to use the notice-and-access process (“**Notice-and-Access**”) that came into effect on February 11, 2013 under National Instrument 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) and National Instrument 51-102 – *Continuous Disclosure Obligations*, for distribution of this Circular and other meeting materials to registered Shareholders of the Corporation and Non-Registered Holders (as defined herein).

Notice-and-Access allows issuers to post electronic versions of meeting materials, including circulars, annual financial statements and management discussion and analysis, online, via SEDAR and one other website, rather than mailing paper copies of such meeting materials to Shareholders. The Corporation anticipates that utilizing the Notice-and-Access process will substantially reduce both postage and printing costs.

Meeting materials including the Circular and the Corporation’s audited financial statements for the year ended December 31, 2019 and the Corporation’s management discussion and analysis for the year ended December 31, 2019, are available on <https://docs.tsxtrust.com/2110> and on the Corporation’s SEDAR profile at www.sedar.com.

Although the Circular and related materials (collectively, the “**Meeting Materials**”) will be posted electronically online, as noted above, the registered Shareholders and Non-Registered Holders (subject to the provisions set out below under the heading “Voting by Beneficial Holders of Common Shares of the Corporation”) will receive a “notice package” (the “**Notice-and-Access Notification**”), by prepaid mail, which includes the information prescribed by NI 54-101, and a proxy form or voting instruction form from their respective intermediaries. Shareholders should follow the instructions for completion and delivery contained in the proxy or voting instruction form. Shareholders are reminded to review the Circular before voting.

Management of the Corporation does not intend to pay for intermediaries to forward the Notice-and-Access Notification to OBOs (as defined herein) under NI 54-101, and therefore an OBO will not receive the Notice-and-Access Notification unless the OBO’s intermediary assumes the cost of delivery.

Shareholders will not receive a paper copy of the Meeting Materials unless they request paper copies from the Corporation. Requests for paper copies of the Meeting Materials must be received at least five (5) business days in

advance of the proxy deposit date and time, being 4:00 p.m. on August 4, 2020 and the Corporation will mail the requested materials within three (3) business days of the request. Shareholders with questions about Notice-and-Access may contact the TSX Trust's toll free at 1-866-600-5869 or email tmxeinvestorservices@tmx.com.

APPOINTMENT OF PROXYHOLDER

The individuals named as proxyholders in the accompanying form of proxy are directors and/or officers of the Corporation. **A REGISTERED SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM OR HER AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY STRIKING OUT THE NAMES OF THOSE PERSONS NAMED IN THE ACCOMPANYING FORM OF PROXY AND INSERTING THE DESIRED PERSON'S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY AND SIGNING AND DATING THE PROXY, OR BY COMPLETING ANOTHER FORM OF PROXY.** A proxy will not be valid unless the completed form of proxy is received by TSX Trust Company, 100 Adelaide Street West, Suite 301, Toronto, Ontario, M5H 4H1 not less than forty eight (48) hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting or, with respect to any matters to be dealt with at any adjournment of the Meeting, before the time of the re-commencement of the adjourned Meeting. Proxies delivered after such time(s) will not be accepted.

REVOCATION OF PROXIES

A Shareholder who has given a proxy may revoke it prior to its use by an instrument in writing executed by the Shareholder or by his attorney duly authorized in writing or, where the Shareholder is a corporation, by a duly authorized officer or attorney of such corporation, and delivered to Peterson McVicar LLP, 18 King Street East Street, Suite 902, Toronto, ON M5C 1C4 (Attention: James McVicar) at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, preceding any reconvening thereof, or to the Chairperson of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof, or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

VOTING OF PROXIES

The Common Shares represented by a properly executed proxy in favour of persons designated as proxyholders in the enclosed form of proxy will:

- (a) be voted or withheld from voting in accordance with the instructions of the person appointing the proxyholder on any ballot that may be called for; and
- (b) where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specifications made on such proxy.

SUCH SHARES WILL BE VOTED **IN FAVOUR** OF EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED, OR WHERE BOTH CHOICES HAVE BEEN SPECIFIED, AS DIRECTED BY THE SHAREHOLDER.

The enclosed form of proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the person appointed proxyholder thereunder to vote with respect to amendments or variations of matters identified in the notice of Meeting, and with respect to any other matters which may properly come before the Meeting. In the event that amendments or variations to matters identified in the notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the persons designated by management as proxyholders in the enclosed form of proxy to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Circular, the management of the Corporation knows of no such amendment, variation or other matter that may be presented to the Meeting.

INFORMATION FOR NON-REGISTERED SHAREHOLDERS

Only registered Shareholders or proxyholders duly appointed by registered Shareholders are permitted to vote at the Meeting. Most Shareholders of the Corporation are “non-registered” shareholders because the Common Shares they own are not registered in their names but are instead registered in the name of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Shareholders who do not hold their Common Shares in their own name (referred to herein as “Beneficial Shareholders”) should note that only registered Shareholders are entitled to vote at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in such Shareholder’s name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which company acts as nominee for many Canadian brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting Common Shares for the brokers’ clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of Shareholders’ meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided by the Corporation to the registered Shareholders. However, its purpose is limited to instructing the registered Shareholder (i.e. the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate the responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. (“**Broadridge**”). Broadridge typically prepares a machine-readable voting instruction form, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction form must be returned to Broadridge (or instructions respecting the voting of Common Shares must be communicated to Broadridge well in advance of the Meeting) in order to have the Common Shares voted.**

The Notice-and-Access Notification is being sent to both registered Shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own (“**Objecting Beneficial Owners**”, or “**OBO’s**”) and those who do not object to their identity being made known to the issuers of the securities they own (“**Non-Objecting Beneficial Owners**”, or “**NOBO’s**”). Subject to the provisions of NI 54-101, issuers may request and obtain a list of their NOBO’s from intermediaries via their transfer agents. If you are a Beneficial Shareholder, and the Corporation or its agent has sent these materials directly to you, your name, address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the Common Shares on your behalf.

The Corporation’s OBO’s can expect to be contacted by Broadridge or their broker or their broker’s agents as set out above.

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of their broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered Shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder should enter their own names in the blank space on the proxy or voting instruction card provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker.**

All references to Shareholders in this Circular and the accompanying form of proxy and notice of Meeting are to registered Shareholders unless specifically stated otherwise.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as set forth in this Circular, no person who has been a director or executive officer of the Corporation at any time since January 1, 2019, being the beginning of the Corporation's last completed financial year, nor any proposed nominee for election as a director of the Corporation, nor any associate or affiliate of any of the foregoing, has or has had any material interest, directly or indirectly, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon.

PARTICULARS OF MATTERS TO BE ACTED UPON

There are seven (7) directors to be elected at the Meeting. The term of office of each of the present directors expires immediately prior to the election of directors at the Meeting. **The persons named below will be presented for election at the Meeting as management's nominees and management proxyholders will vote FOR the election of these nominees, unless otherwise instructed on the proxy form.** Management does not contemplate that any of these nominees will be unable to serve as a director and all proposed directors have confirmed their willingness to continue to serve as directors. Each director elected will hold office until the next annual general meeting of the Corporation or until his or her successor is elected or appointed, unless his or her office is earlier vacated in accordance with the Articles of the Corporation or the provisions of the *Business Corporations Act* (Ontario) ("OBCA").

Majority Voting Policy

On March 25, 2014 (as amended and restated on May 10, 2016), the Board adopted a majority voting policy (the “**Majority Voting Policy**”) with immediate effect. A copy of the Majority Voting Policy is available on the Corporation’s website at www.excellonresources.com.

The Majority Voting Policy requires that any nominee for director who receives a greater number of votes “withheld” than “for” his or her election, in an uncontested election, shall immediately tender his or her resignation to the Chairperson of the Board for consideration by the Nominating and Corporate Governance Committee (the “**NCGC**”). The NCGC shall consider the resignation in accordance with the Majority Voting Policy and shall recommend to the Board whether or not it should be accepted. The Board shall act on the recommendations of the NCGC within 90 days following the Shareholders’ meeting and disclose its decision by way of press release. No director who, in accordance with the Majority Voting Policy, is required to tender his or her resignation, shall participate in the NCGC’s deliberations or recommendation. However, such director shall remain active and engaged in all other Board and committee activities, deliberations and decisions during the NCGC process. If a majority of the members of the NCGC received a majority of votes “withheld” in the same election, or the number of NCGC members who received a majority of votes “withheld” in the same election is greater than quorum of the NCGC, the independent directors then serving on the Board who received a greater number of votes “for” their election than votes “withheld” will appoint an *ad hoc* Board committee from amongst themselves to consider the resignations. If a resignation is accepted, the Board may, in accordance with the provisions of the OBCA, (i) leave the vacancy in the Board unfilled until the next annual meeting of Shareholders, (ii) reduce the size of the Board, (iii) fill the vacancy created by the resignation by appointing a new director whom the Board considers to merit the confidence of Shareholders, or (iv) call a special meeting of Shareholders to consider new board nominee(s) to fill the vacant position(s).

Each of the current directors has agreed to abide by the provisions of the Majority Voting Policy and any subsequent candidate nominated by management will, as a condition of such nomination, be required to abide by the Majority Voting Policy. In the event that any director who received a majority of votes “withheld” does not tender his or her resignation in accordance with the Majority Voting Policy, he or she will not be re-nominated by the Board.

Corporate Cease Trade Orders or Bankruptcies

To the best of the Corporation's knowledge, none of the nominees is, as at the date of this Circular, or has been, within 10 years before the date hereof, a director, chief executive officer or chief financial officer of any company, including the Corporation, that: (i) was subject to a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, in any case that was in effect for more than 30 consecutive days (an "order") that was issued while the nominee was acting in the capacity as director, chief executive officer or chief financial officer; or (ii) was subject to an order that was issued after the nominee ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

Personal Bankruptcies

To the best of the Corporation's knowledge, except as noted below, none of the nominees is, as at the date of this Circular, or has been within the 10 years before the date hereof, (i) a director or executive officer of any company, including the Corporation, that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or (ii) has become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the nominee.

Penalties and Sanctions

To the best of the Corporation's knowledge, none of the nominees has been subject to: (i) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (ii) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

2. RE-APPOINTMENT OF AUDITORS

PricewaterhouseCoopers LLP were first appointed auditors of the Corporation on October 22, 2009. Unless such authority is withheld, the persons named in the accompanying proxy intend to vote **FOR** the re-appointment of PricewaterhouseCoopers LLP, as the auditors of the Corporation to hold office until its successor is appointed and to authorize the directors to fix their remuneration.

3. APPROVAL OF UNALLOCATED DEFERRED SHARE UNITS UNDER DSU PLAN

The Board adopted a deferred share unit plan (the "**DSU Plan**") on December 11, 2013 (as amended on March 25, 2014), subsequently approved by Shareholders on April 29, 2014 at the annual meeting of Shareholders and amended and restated on June 26, 2020. The purpose of the DSU Plan is to promote the alignment of interests between the Directors and the Shareholders while enabling Directors, officers and employees to participate in the long-term success of the Corporation through the grant of DSUs. For a description of the DSU Plan, see "Statement of Executive Compensation – Long-Term Incentives – Deferred Share Units".

The maximum number of Common Shares available for issuance upon vesting of deferred shares units ("**DSUs**") issued under the DSU Plan, together with Common Shares subject to issuance under the Corporation's other security-based compensation arrangements, including the Corporation's incentive stock option plan (the "**Stock Option Plan**") and the RSU Plan (as defined below), cannot exceed 10% of the Common Shares issued and outstanding from time to time. Since the DSU Plan does not contain a fixed maximum number of securities issuable thereunder, in accordance with the requirements of the Toronto Stock Exchange (the "**TSX**"), all unallocated DSUs

under the DSU Plan must be approved Corporation's Directors and Shareholders every three years after the plan's adoption.

As the prior approval of the DSU Plan by Shareholders expired effective May 10, 2020, at the Meeting Shareholders will be asked to consider, and if deemed advisable, to pass with or without variation, an ordinary resolution approving all unallocated DSUs issuable pursuant to the DSU Plan. The approval of Shareholders will be effective for a period of three years from the date of the Meeting.

Subsequent to May 10, 2020, the expiration of the prior approval of the DSU Plan, the Board granted an aggregate of 558,393 DSUs to certain non-executive directors of the Corporation in respect of annual 2020 compensation grants and Q2 2020 board fees, as follows:

Name	DSUs (#)
André Fortier	124,350
Dr. Laurie Curtis	84,932
Andrew Farncomb	93,983
Michael Timmins	89,183
Roger Norwich	81,133
Craig Lindsay	84,812

Since the grant of DSUs occurred after the expiration of the prior approval of the DSU Plan and prior to the approval being sought at the Meeting for all unallocated DSUs issuable pursuant to the DSU Plan, the grant of DSUs after May 10, 2020 must be ratified by Shareholders. At the Meeting Shareholders will also be asked to consider, and if deemed advisable, to pass with or without variation, an ordinary resolution ratifying and approving the prior grants of an aggregate of 558,393 DSUs pursuant to the DSU Plan. If approval for such grants is not obtained at the Meeting, the DSUs previously granted will terminate.

In addition, if approval is not obtained at the Meeting, DSUs that have not been allocated as of May 10, 2020, and DSUs that are outstanding as of May 10, 2020 and are subsequently cancelled, terminated or exercised will not be available for a new grant of DSUs. Previously allocated DSUs will continue to be unaffected by the approval or disapproval of the resolution.

Form of DSU Plan Resolution

The full text of the DSU Plan resolution is as follows:

"BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

1. all unallocated DSUs under the Corporation's DSU Plan, as it may be amended from time to time, are hereby approved and authorized, which approval shall remain effective until August 13, 2023;
2. the prior grants of an aggregate of 558,393 deferred share units pursuant to the DSU Plan are hereby ratified and approved; and
3. any one director or officer of the Corporation is hereby authorized, for and on behalf of the Corporation, to execute and deliver all such further agreements, documents and instruments and to do all such other acts and things as such director or officer may determine to be necessary or advisable for the purpose of giving full force and effect to the provisions of this resolution."

The Board has concluded that the approval of all unallocated DSUs under the Corporation's DSU Plan is in the best interests of the Corporation and its Shareholders. Accordingly, the Board unanimously recommends that

shareholders vote FOR the DSU Plan resolution. Management proxyholders intend to vote FOR the DSU Plan resolution, unless otherwise instructed on the proxy form.

To become effective, the DSU Plan resolution must be approved by an affirmative vote of at least a simple majority of the votes cast by Shareholders at the Meeting.

4. APPROVAL OF UNALLOCATED RESTRICTED SHARE UNITS UNDER RSU PLAN

The Board adopted a restricted share unit plan (the “**RSU Plan**”) on December 11, 2013 (as amended on March 25, 2014), subsequently approved by Shareholders on April 29, 2014 at the annual meeting of Shareholders and amended and restated on June 26, 2020. The purpose of the RSU Plan is to assist the Corporation in attracting and retaining individuals with experience and exceptional skill, to allow selected executives, key employees, consultants and directors of the Corporation to participate in the long-term success of the Corporation and to promote a greater alignment of interests between the participants designated under the RSU Plan and the Shareholders of the Corporation. For a description of the RSU Plan, see “Statement of Executive Compensation – Long-Term Incentives – Restricted Share Units”.

The maximum number of Common Shares available for issuance upon vesting of restriction share units (“**RSUs**”), together with Common Shares subject to issuance under the Corporation’s other security-based compensation arrangements, including the Stock Option Plan and the DSU Plan, cannot exceed 10% of the Common Shares issued and outstanding from time to time. Since the RSU Plan does not contain a fixed maximum number of securities issuable thereunder, in accordance with the requirements of the TSX, all unallocated RSUs under the RSU Plan must be approved Corporation’s Directors and Shareholders every three years after the plan’s adoption.

As the prior approval of the RSU Plan by Shareholders expired effective May 10, 2020, at the Meeting Shareholders will be asked to consider, and if deemed advisable, to pass with or without variation, an ordinary resolution approving all unallocated RSUs issuable pursuant to the RSU Plan. The approval of Shareholders will be effective for a period of three years from the date of the Meeting.

Subsequent to May 10, 2020, the expiration of the prior approval of the RSU Plan, the Board granted an aggregate of 1,032,467 RSU to certain officers, employees and consultants of the Corporation as follows:

Name/Title	RSUs (#)
Brendan Cahill, President & CEO	232,467
Anna Ladd-Kruger, CFO & VP Corporate Development	200,000
Benjamin Pullinger, SVP Geology	200,000
Craig Ford, VP Corporate Responsibility	125,000
Ronald Marinõ, VP Finance	75,000
Excellon Employees & Consultants	200,000

The foregoing grants predominantly contained performance vesting thresholds as follows: 50% – Corporate Growth (based on increase in the Corporation’s net asset value); 30% – Stock Performance (relative to the Global X Silver Miners ETF (SIL), of which the Corporation is a component stock from time-to-time); and 20% – Retention (the grantee remaining engaged by the Corporation as of December 31, 2023). The RSUs granted to the President & CEO included 32,467 RSUs in respect of the portion of his salary issued in RSUs on a quarterly basis.

Since the grant of RSUs occurred after the expiration of the prior approval of the RSU Plan and prior to the approval being sought at the Meeting for all unallocated DSUs issuable pursuant to the RSU Plan, the grant of RSUs after May 10, 2020 must be ratified by Shareholders. At the Meeting Shareholders will also be asked to consider, and if deemed advisable, to pass with or without variation, an ordinary resolution ratifying and approving the prior grants of an

aggregate of 1,032,467 RSUs pursuant to the RSU Plan. If approval for such grants are not obtained at the Meeting, the RSUs previously granted will terminate.

In addition, if approval is not obtained at the Meeting, RSUs that have not been allocated as of May 10, 2020 and RSUs that are outstanding as of May 10, 2020 and are subsequently cancelled, terminated or exercised will not be available for a new grant of RSUs. Previously allocated RSUs will continue to be unaffected by the approval or disapproval of the resolution.

Form of RSU Plan Resolution

The full text of the RSU Plan resolution is as follows:

"BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

1. all unallocated RSUs under the Corporation's RSU Plan, as it may be amended from time to time, are hereby approved and authorized, which approval shall remain effective until August 13, 2023;
2. the prior grants of an aggregate of 1,032,467 restricted share units pursuant to the RSU Plan are hereby ratified and approved; and
3. any one director or officer of the Corporation is hereby authorized, for and on behalf of the Corporation, to execute and deliver all such further agreements, documents and instruments and to do all such other acts and things as such director or officer may determine to be necessary or advisable for the purpose of giving full force and effect to the provisions of this resolution."

The Board has concluded that the approval of all unallocated RSUs under the Corporation's RSU Plan is in the best interests of the Corporation and its Shareholders. Accordingly, the Board unanimously recommends that shareholders vote FOR the RSU Plan resolution. Management proxyholders intend to vote FOR the RSU Plan resolution, unless otherwise instructed on the proxy form.

To become effective, the RSU Plan resolution must be approved by an affirmative vote of at least a simple majority of the votes cast by Shareholders at the Meeting.

OTHER BUSINESS

Management of the Corporation knows of no matters to come before the Meeting other than those referred to in the notice of Meeting accompanying this Circular. **However, if any other matters properly come before the Meeting, it is the intention of the management proxyholders to vote on the same in accordance with their best judgment on such matters.**

STATEMENT OF EXECUTIVE COMPENSATION

Named Executive Officers

The following describes the particulars of compensation for a) the CEO, b) the CFO, c) each of the three most highly compensated executive officers of the Corporation, including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and the CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and d) each individual who would be a named executive officer but for the fact that the individual was neither an executive officer of the Corporation or its subsidiaries, nor acting in a similar capacity, at the end of that financial year (each a "Named Executive Officer" or "NEO"). For the financial year ended December 31, 2019, the Named Executive Officers of the Corporation were:

Brendan Cahill, President and Chief Executive Officer
Anna Ladd-Kruger, Chief Financial Officer and VP Corporate Development
Rupy Dhadwar, Former Chief Financial Officer
Ben Pullinger, Senior Vice President Geology
Ronald Mariño, Vice President Finance
Marcello Locatelli, Former Vice President Special Projects

Compensation Policy Objectives

Excellon Resources believes that recruiting and retaining highly competent executives is critical to the Company's success in achieving its strategic objectives and delivering value to shareholders.

The objectives of the Company's compensation strategy are to:

- Offer competitive compensation that allows the Company to successfully attract, retain and motivate qualified executives;
- Provide incentives to executives to maximize productivity and enhance enterprise value by aligning the interests of the executives with those of the Shareholders;
- Foster the teamwork and entrepreneurial spirit necessary to support the Company's growth objectives;
- Establish a direct link between all elements of compensation and the performance of the Corporation and its subsidiaries, and individual performance;
- Integrate compensation incentives with the development and successful execution of strategic and operating plans; and to enhance Shareholder value.

The Compensation Committee of the Corporation is composed of André Y. Fortier (Chair), Andrew Farncomb and Roger Norwich, each of whom is considered independent for the purposes of National Policy 58-201 – *Corporate Governance Guidelines* (“**NP 58-201**”). Each member of the Compensation Committee has held senior executive and board positions with other publicly traded companies where they have had direct involvement in the development and implementation of compensation policies and practices for employees at all levels, including executive officers. The Board believes that the Compensation Committee members possess all of the knowledge, experience and the profile needed in order to fulfill the mandate of the Compensation Committee.

For the fiscal year ended December 31, 2019, the Compensation Committee was responsible for making recommendations to the Board with respect to the compensation of the Corporation's directors, Named Executive Officers and employees. The Compensation Committee works in conjunction with the Chairperson and the President on the review and assessment of the performance of executive officers and other employees in accordance with the Corporation's compensation practices. The Board reviews the Compensation Committee's recommendations to ensure that total compensation paid to all Named Executive Officers is fair and reasonable and is consistent with the Corporation's compensation program.

The Compensation Committee reviewed compensation practices of the following companies in the course of its assessment: Alexco Resource Corp., Alio Gold Inc., Americas Gold & Silver Corporation, Avino Silver & Gold Mines Ltd., GoGold Resources Inc., Golden Minerals Company and Great Panther Silver Limited. No compensation consultants were retained for comparison of corporate or executive compensation for the 2019 review; however, the Corporation consulted independently prepared industry surveys on compensation practices.

The Corporation engaged an independent firm, Bedford Consulting Group Inc. (“**Bedford**”) in June 2020, to review and report on executive compensation to enhance the Corporation's executive compensation program going forward. The review will be reported on in the Corporation's 2021 management information circular.

The executive compensation program comprises fixed and variable elements of compensation; base salary, indirect compensation (benefits), discretionary bonus, and long-term incentives in the form of DSUs, RSUs and stock options. In determining actual compensation levels, the Compensation Committee considers the total compensation

program, rather than any single element in isolation. Total compensation levels are designed to reflect both the marketplace (to ensure competitiveness) and the responsibility of each position (to ensure internal equity). The Compensation Committee believes these elements of compensation, when combined, form an appropriate mix of compensation, and provide competitive salary, link the majority of the executives' compensation to corporate and individual performance (which induces and rewards behaviour that creates long-term value for Shareholders and other stakeholders), and encourage retention with time-based vesting attached to long-term equity-based incentives. Enhancements to current programs for executives and directors will be reviewed and if appropriate, implemented on a go forward in light of the independent study conducted by Bedford.

The compensation level of the President is designed to recognize his personal contributions and leadership. At the end of each fiscal year, the Compensation Committee evaluates the performance of the President, and the Compensation Committee in consultation with the Chairperson formally evaluates the performance of the President. Using both financial and non-financial measures, the Compensation Committee may recommend to the Board an increase to the President's total compensation to levels that are consistent with corporate and individual performance.

Similarly, the Compensation Committee reviews and ensures that the directors' compensation packages are competitive in light of the responsibility and the time commitment required from directors. Based on such reviews, the Committee makes recommendations to the Board with respect to changes to executive compensation and director compensation.

2019 Compensation Grants

Compensation for NEOs is composed of different elements. These include elements relating to factors that do not directly correlate to the market price of the Common Shares, such as base salary, as well as elements that more closely correlate to the Corporation's performance and financial condition, such as short-term and long-term incentives. The elements of executive compensation are designed to attract and retain top quality executives to manage and grow the business through both adverse and favourable economic cycles. In recent years, in the context of difficult equity and commodity markets, the Corporation has significantly weighted compensation to corporate performance metrics, specifically regarding safety, cost performance and certain specific corporate and strategic objectives.

During 2019, RSU grants comprised a significant component of compensation for executives. These RSUs had 100% performance based vesting thresholds as follows: Health & Safety – 10%; All-in Sustaining Cost – 20%; Corporate Growth (based on increase in the Corporation's net asset value ("NAV") – 50%; and Stock Performance (relative to the Global X Silver Miners ETF (SIL), of which the Corporation is a component stock from time-to-time) – 20%. The Corporation Growth component may be multiplied 2X based on corporate NAV growth in excess of 200% from March 31, 2019. The Corporation expects RSU grants to continue be performance metric based, with a focus on Corporate Growth and Stock Performance.

Option grants made in 2019 were made in respect of 2018 performance and were reflected in the 2019 management information circular, other than in respect of NEOs that were not employed by the Corporation during 2019 (the CFO & VP Corporate Development and the former VP Special Projects). The Corporation changed the timing of compensation grant reporting in 2020 to better align compensation grants with financial accounting and disclosure requirements. Therefore, grants made in 2020, which in recent years would have been reflected as 2019 compensation, will be reflected in the 2021 management information circular.

Further to the above, RSU and Option grants to NEOs for 2019 were as follows:

Name/Title	RSUs (#)	Options (#)
Brendan Cahill President & CEO	292,784 ⁽¹⁾	100,000
Anna Ladd-Kruger ⁽²⁾ CFO & VP Corporate Development	200,000	175,000
Rupy Dhadwar Former CFO	Nil	75,000
Ben Pullinger Senior Vice President Geology	160,000	85,000
Ronald Mariño Vice President Finance	125,000	75,000
Marcello Locatelli ⁽²⁾ Former VP Special Projects	50,000	75,000

(1) 117,784 RSUs were granted in respect of salary and 175,000 RSUs in respect of annual compensation grants.

(2) Not employed by the Corporation in 2018; grants made on hire and reflected as 2019 compensation, below.

Cash base salaries of the longest serving executives (CEO) have generally not increased in recent years, despite the improved operational performance of the Corporation and the engagement of an improved management team. In late 2019, the Corporation increased the salary of the SVP Geology to \$250,000 per year. After a review of 2019 performance on a corporate and individual basis, as well as equity and commodity market conditions, the Compensation Committee determined not to grant any discretionary cash bonuses for 2019.

As discussed above, the Corporation has engaged Bedford for a review and report on executive compensation to enhance the Corporation's executive compensation program going forward. The review and program enhancements will be summarized in the Corporation's 2021 management information circular.

The mix of total direct compensation potentially payable to our Named Executive Officers is as follows:

Base Salaries

Base salaries for the executive officers are designed to be competitive and are adjusted for the realities of the market. Initial base salaries are determined through market comparables, formal job evaluation, commercially available salary survey data, experience level, leadership and management skills, responsibilities and proven or expected performance. The Compensation Committee, in consultation with the Chairperson, reviews the recommendations of the President and recommends to the Board the base salaries for executive officers taking into consideration the individual's performance, contributions to the success of the Corporation, and internal equities among positions. No specific weightings are assigned to each factor; instead a subjective determination is made based on a general assessment of the individual relative to such factors.

In November 2017, the Board increased the CEO's salary to \$300,000 per annum (from a voluntarily reduced salary of \$180,000 from 2013 onward), with \$100,000 of such salary to be issued quarterly in the form of RSUs vesting on January 1st of the second calendar year after the date of grant. This arrangement was designed to link a material portion of the CEO's base salary with the Corporation's share price performance (and underlying operational, financial, etc. performance).

The Board of Directors and Compensation Committee review executive compensation on an ongoing basis, with the expectation that salaries will be modified in consideration of commodity prices, market and the Corporation's financial position.

Discretionary Bonus

A discretionary bonus is intended to provide incentives to executive officers to enhance the growth and development of the Corporation, to encourage and motivate executive officers to achieve short-term goals, and to reward individual contribution to the achievement of corporate objectives. The bonus can be based as a percentage of annual salary or a fixed dollar amount and is awarded at the discretion of the Board as recommended by the Compensation Committee.

Long-Term Incentives

The Corporation's long-term equity portion of executive compensation is designed to align the interests of executive officers with that of Shareholders by encouraging equity ownership through awards of stock options ("**Options**"), DSUs and RSUs, to motivate executives and other key employees to contribute to an increase in corporate performance and Shareholder value, and to attract talented individuals and encourage the retention of executive officers and other key employees by vesting Options, DSUs and RSUs over a period of time.

Stock Options

The Corporation grants Options to its NEOs. The timing of the grant, and number of Common Shares made subject to option is recommended by the Chairperson and the President, reviewed and approved (or revised, if thought appropriate) by the Compensation Committee in consultation with the Chairperson, and implemented by a resolution of the Board. The review of proposed option grants by the Compensation Committee (which is composed of independent directors) and the implementation thereof by the Board (which is comprised of a majority of independent directors) provides the independent directors with significant input into such compensation decisions. Consideration in determining option grants is given to, amongst other things, the total number of Options outstanding, the current and future expected contribution to the advancement of corporate objectives, the position of the individual, tenure, and previous option grants to selected individuals. No specific weightings are assigned to each factor; instead a subjective determination is made based on an assessment of the individual relative to such factors. Grants of Options also comprise a portion of the compensation package offered to attract and retain new directors and executive officers to the Corporation. Options granted by the Board are priced at the closing price of the Common Shares on the TSX on the last trading day prior to the date of grant. Please see "*Securities Authorized for Issuance under Equity Compensation Plans – Stock Option Plan*" for further information.

During the fiscal year ended December 31, 2019, 380,000 Options were granted to directors and 825,000 Options were granted to executives, employees and consultants of the Corporation for an aggregate total of 1,205,000 Options.

Deferred Share Units

The Board adopted the DSU Plan effective as of December 11, 2013, as amended on March 25, 2014 and approved by Shareholders on April 29, 2014. The DSU Plan was further amended and restated as of June 26, 2020. The purpose of the DSU Plan is to promote the alignment of interests between the directors and Shareholders while enabling directors, officers and employees to participate in the long-term success of the Corporation through the grant of DSUs. The Board's current policy is that DSUs will be granted to directors, officers and employees. Upon vesting, each DSU Award entitles the DSU Participant to receive, subject to adjustment as provided for in the DSU Plan, a lump sum cash payment or, at the Corporation's discretion, Common Shares equal to the whole number of DSUs credited to the DSU Participant plus a cash settlement for any fraction of a DSU. For the purposes of the DSU Plan, the value of the DSU on the Settlement Date is the market price, being the volume-weighted average price of the Common Shares on the TSX for the five trading days immediately preceding such Settlement Date, but if the Common Shares did not trade on such trading days, the market price shall be average of the bid and ask prices in respect of the Common Shares at the close of trading on such trading day. The DSU Plan is posted on the Corporation's website at www.excellonresources.com.

During the fiscal year ended December 31, 2019, 475,366 DSUs were granted to directors of the Corporation.

Restricted Share Units

The Board adopted the RSU Plan effective as of December 11, 2013, as amended on March 25, 2014 and approved by Shareholders on April 29, 2014. The RSU Plan was further amended and restated as of June 26, 2020. The purpose of the RSU Plan is to assist the Corporation in attracting and retaining individuals with experience and exceptional skill, to allow selected executives, key employees, consultants and directors of the Corporation to participate in the long-term success of the Corporation and to promote a greater alignment of interests between the participants designated under the RSU Plan and the Shareholders of the Corporation. Under the RSU Plan, RSUs may be granted at the discretion of the Board as a bonus to executives taking into account a number of factors, including the amount and term of RSUs previously granted, base salary and bonuses and competitive market factors. The Board establishes the vesting conditions for each Grant at the time of grant.

Upon vesting, each RSU entitles the RSU Participant to receive, subject to adjustments as provided for in the RSU Plan, one Common Share. For the purposes of the RSU Plan, the value of the RSU on vesting is the market price, being the closing volume-weighted average price of the Common Shares on the TSX for the five trading days immediately preceding such vesting date, but if the Common Shares did not trade on such trading days, the market price shall be average of the bid and ask prices in respect of the Common Shares at the close of trading on such trading day. The RSU Plan contemplates various entitlements in the event of a change of control. The RSU Plan is posted on the Corporation's website at www.excellonresources.com.

During the fiscal year ended December 31, 2019, 1,848,974 RSUs were granted to executives, employees and consultants of the Corporation.

Indirect Compensation

The primary benefits offered to the Named Executive Officers include participation in group health, dental, extended medical coverage, and life insurance, including long-term disability, paid vacation and payment of any professional dues on the individual's behalf, which benefits are generally available to all employees of the Corporation.

Pension Plan Benefits

The Corporation does not provide retirement benefits for directors, executive officers or employees.

Share Ownership Requirements

The Corporation has not imposed minimum share ownership requirements, in line with industry practices for similar companies of its size.

Risks Associated with Compensation Practices

As of the date of this Circular, the Corporation's directors had not, collectively, considered the implications of any risks associated with the Corporation's compensation policies applicable to its executive officers.

Financial Instruments

The Corporation has not, to date, adopted a policy restricting its executive officers and directors from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, which are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by executive officers or directors. As of the date of this Circular, entitlement to grants of incentive Options under the Corporation's Stock Option Plan, the DSU Plan or the RSU Plan are the only equity-based security elements awarded to executive officers and directors.

- (1) RSUs are granted with performance, share price and time vesting criteria. The valuation of RSUs reflects the value on the date of grant. Certain portions of option-based compensation were granted subsequent to December 31, 2019 (on April 24, 2020) in respect of 2019, as further discussed under "2019 Compensation Grants", above.
- (2) The values reported represent an estimate of the grant date fair market value of the options awarded during the year. For 2019, the fair value was estimated at the grant date based on the Black-Scholes option pricing model assuming a risk-free interest rate of 1.71%, no dividend yield, expected life of 5 years and an expected price volatility of 77.63%. For 2018, the fair value was estimated at the grant date based on the Black-Scholes option pricing model assuming a risk-free interest rate of 1.97%, no dividend yield, expected life of 5 years and an expected price volatility of 77.92%. For 2017, the fair value was estimated at the grant date based on the Black-Scholes option pricing model assuming a risk-free interest rate of 1.16%, no dividend yield, expected life of 5 years and an expected price volatility of 79.83%. The calculation of fair market value is based on the Black-Scholes pricing model, selected as it is widely used in estimating option-based compensation values by Canadian public companies. The Black-Scholes model is a pricing model, which may or may not reflect the annual value of the options. The options may never be exercised and actual gain, if any, on exercise will depend on the value of the Common Shares on the date of exercise.
- (3) As discussed above, Mr. Cahill's Base Salary for 2019 was \$300,000, with \$100,000 of such salary issued quarterly in the form of RSUs vesting on January 1st of the second calendar year after the date of grant. The RSU component of Base Salary is reflected in Share Based Awards.
- (4) Ms. Ladd-Kruger joined the Corporation as Chief Financial Officer and Vice President Corporate Development on June 26, 2019, and received 200,000 RSUs and 175,000 Stock Options in connection with her appointment.
- (5) Mr. Dhadwar ceased to be Chief Financial Officer of the Corporation effective May 17, 2019. "All Other Compensation" includes salary continuance relating to his departure from the Corporation.
- (6) Mr. Locatelli ceased to be VP Special Projects of the Corporation effective October 31, 2019.

Stock Option Plan

The Board and Shareholders approved an updated Stock Option Plan in 2018. The purpose of the Stock Option Plan is to attract and motivate directors, senior officers, employees, and others providing services to the Corporation (the “**Eligible Persons**”), and thereby advance the Corporation’s interests, by affording such persons with an opportunity to acquire an equity interest in the Corporation through the issuance of Options.

The Compensation Committee administers the Stock Option Plan. Notwithstanding, the Board retains independent and concurrent power to undertake any action delegated to the Committee, whether with respect to the Stock Option Plan as a whole or with respect to individual Options granted or to be granted under the Stock Option Plan.

The following is a summary of the key terms of the Stock Option Plan, which summary is qualified in its entirety by the full terms of the Stock Option Plan, available on the Corporation’s website at www.excellonresources.com:

- The aggregate number of Common Shares available at all times for issuance under the Stock Option Plan will be 4,749,040, which would represent approximately 5% of the Corporation’s current issued and outstanding Common Shares. Any option which has been cancelled or terminated prior to exercise in accordance with the terms of the Stock Option Plan will again be available under the Stock Option Plan.
- The exercise price per Common Share under an option shall be determined by the Compensation Committee but, in any event, shall not be lower than the market price of the Common Shares of the Corporation on the date of grant of the options.
- The term of all options awarded under the Stock Option Plan is a maximum of five years.
- Options granted pursuant to the Stock Option Plan shall vest and become exercisable by an optionee at such time or times as may be determined by the Compensation Committee at the date of grant and as indicated in the option commitment.
- In the event that the expiry of an option falls within a trading blackout period imposed by the Corporation, the expiry date of the option shall be automatically extended to the tenth business day following the end of the blackout period as permitted by applicable TSX policies.
- The termination provisions under the Stock Option Plan are as follows: An optionee will have, in all cases subject to the original option expiry date (i) a 6-month period to exercise his/her options that have vested, in the event of death; (ii) a 6-month period to exercise his/her options that have vested, in the event of termination without cause, retirement, or permanent disability; (iii) 90 days to exercise his/her options that have vested, in the event of resignation; and (iv) immediate termination of the options in the event of termination with cause. In the event of a change of control, all unvested options shall automatically vest on the date of the change of control.
- The grant of options under the Stock Option Plan is subject to the number of the Common Shares: (i) issued to insiders of the Corporation, within any one (1) year period, and (ii) issuable to insiders of the Corporation, at any time, under the Stock Option Plan, or when combined with all of the Corporation’s other security based compensation arrangements, not exceeding 10% of the Corporation’s total issued and outstanding Common Shares, respectively.
- The aggregate number of options granted pursuant to the Stock Option Plan to any one non-executive director, if ever applicable, within any one-year period shall not exceed a maximum value of \$100,000 worth of options. The value of the options shall be determined using a generally accepted valuation model.
- The aggregate number of Common Shares reserved for issuance pursuant to the Stock Option Plan to non-executive directors as a group, if ever applicable, shall not exceed 1% of the number of issued and outstanding Common Shares, as calculated without reference to the initial options granted under the Stock Option Plan to a person who is not previously an insider of the Corporation upon such person becoming or agreeing to become a director of the Corporation, and without reference to options held by

former directors of the Corporation.

- The specific amendment provisions for the Stock Option Plan provide the Board or committee with the power, subject to the requisite regulatory approval, to make the following amendments without shareholder approval (without limitation):
 - amendments of a housekeeping nature;
 - the addition or a change to any vesting provisions of an option;
 - changes to the termination provisions of an option or the Stock Option Plan which do not entail an extension beyond the original expiry date;
 - the addition of a cashless exercise feature, payable in cash or securities, whether or not providing for a full deduction of the number of underlying Common Shares from the Stock Option Plan reserves; and
 - amendments to reflect changes to applicable securities or tax laws.
- However, any of the following amendments shall also require shareholder approval:
 - reduce the exercise price of an option or cancel and reissue an option;
 - amend the term of an option to extend the term beyond its original expiry;
 - amend the limits imposed on non-executive Directors (other than by virtue of adjustments permitted under the Stock Option Plan);
 - materially increase the benefits to the holder of the options who is an insider to the material detriment of the Corporation and its shareholders;
 - increase the number of Common Shares or maximum percentage of Common Shares which may be issued pursuant to the Stock Option Plan (other than by virtue of adjustments permitted under the Stock Option Plan);
 - permit options to be transferred other than for normal estate settlement purposes;
 - remove or exceed the insider participation limits of the Stock Option Plan;
 - materially modify the eligibility requirements for participation in the Stock Option Plan; or
 - modify the amending provisions of the Stock Option Plan.

Deferred Share Unit Plan

In 2013, the Board adopted the DSU Plan to advance the interests of the Corporation by attracting and retaining highly competent persons as directors, officers and employees, to allow such persons to participate in the long-term success of the Corporation and to promote a greater alignment of interests between the participants designated under the DSU Plan and the Shareholders of the Corporation. The Board subsequently adopted an amendment to the DSU Plan on March 25, 2014 to allow the Corporation to settle its obligations under the DSU Plan through the treasury issue of Common Shares. The DSU Plan was approved by Shareholders on April 29, 2014. The DSU Plan was amended and restated effective June 26, 2020 to introduce certain housekeeping amendments. The DSU Plan is available on the Corporation's website at www.excellonresources.com. For a description of the DSU Plan, see "*Statement of Executive Compensation – Long-Term Incentives – Deferred Share Units*".

As at July 1, 2020 2,917,842 DSUs are outstanding representing 1.85% of the issued and outstanding Common Shares. The DSU Plan provides for DSU issuances of up to 10% of the issued and outstanding Common Shares, net of any outstanding Options or RSUs. As at July 1, 2020, assuming no further Option or RSU issuances, the Corporation could issue up to another 6,425,516 DSUs (or 4.07% of the issued and outstanding Common Shares) under the terms of the DSU Plan.

Restricted Share Unit Plan

The Board adopted the RSU Plan to assist the Corporation in attracting and retaining individuals with experience and exceptional skill, to allow selected executives, key employees, consultants and directors of the Corporation to participate in the long-term success of the Corporation and to promote a greater alignment of interests between the participants designated under the RSU Plan and the Shareholders of the Corporation. The Board adopted an amendment to the RSU Plan on March 25, 2014 to permit RSUs to be settled through the issuance of Common Shares from treasury, subject to the approval of the Shareholders and the TSX. The RSU Plan was approved by Shareholders

on April 29, 2014. The RSU Plan was amended and restated effective June 26, 2020 to remove the ability to settle RSUs in cash and to introduce certain housekeeping amendments. The RSU Plan is available on the Corporation's website at www.excellonresources.com. For a description of the RSU Plan, see "*Statement of Executive Compensation – Long-Term Incentives – Restricted Share Units*".

As at July 1, 2020, 2,662,912 RSUs are outstanding representing 1.69% of the issued and outstanding Common Shares. The RSU Plan provides for RSU issuances of up to 10% of the issued and outstanding Common Shares, net of any outstanding Options or DSUs. As at July 1, 2020, assuming no further Option or DSU issuances, the Corporation could issue up to another 6,425,516 RSUs (or 4.07% of the issued and outstanding Common Shares) under the terms of the RSU Plan.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

At no time during the year ended December 31, 2019 (being the Corporation's last completed financial year), was any director, executive officer, employee, proposed management nominee for election as a director of the Corporation or any associate of any such director, executive officer, or proposed management nominee of the Corporation or any former director, executive officer or employee of the Corporation or any of its subsidiaries, indebted to the Corporation or any of its subsidiaries or indebted to another entity where such indebtedness is or has been the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation or any of its subsidiaries, other than for routine indebtedness.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

No informed person (as defined in National Instrument 51-102 – *Continuous Disclosure Obligations*), proposed director of the Corporation, or any associate or affiliate of any informed person or proposed director of the Corporation has, since January 1, 2019 (being the commencement of the Corporation's last completed financial year), had any material interest, direct or indirect, in any transactions which materially affected or would materially affect the Corporation or any of its subsidiaries.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the Shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Corporation. The Board is committed to sound corporate governance practices that are both in the interest of its Shareholders and contribute to effective and efficient decision making.

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**") and NP 58-201 establish corporate governance practices, guidelines and disclosure procedures that apply to all public companies. NI 58-101 requires issuers, such as the Corporation, to provide disclosure with respect to their corporate governance practices in accordance with Form 58-101F1, specific details of which are set out in "*2. Election of Directors*", as generally supplemented below.

Board of Directors

NP 58-201 states that the Board of every listed company should be constituted with a majority of individuals who qualify as "independent" directors under National Instrument 52-110 – *Audit Committees* ("**NI 52-110**"), which provides that a director is independent if he or she has no direct or indirect "material relationship" with the Corporation. "Material relationship" is defined as a relationship that could, in the view of the Corporation's Board, be reasonably expected to interfere with the exercise of a director's independent judgment. With the exception of Brendan Cahill, who currently serves as the Corporation's President and CEO, and Craig Lindsay, who is deemed non-independent until April 23, 2023 as he was President & CEO of Otis Gold Corp. ("Otis") until that company's acquisition by the Corporation on April 23, 2020, the proposed directors are considered by the Board to be "independent" within the meaning of applicable securities legislation. In making the foregoing determinations with

respect to the independence of each of the Corporation's individual directors, the circumstances of each director have been examined in relation to a number of factors, including a review of the resumés of the directors and the corporate relationships and other directorships held by each of them and their prior involvement (if any) with management of the Corporation.

Meetings of Independent Directors

Each meeting of the Board includes an *in camera* meeting in the absence of management. Independent directors are also free to meet separately at any time or to require management to withdraw during certain discussions. Additionally, the Audit Committee, Nominating and Corporate Governance Committee, Compensation Committee and Corporate Responsibility & Technical Committee are each composed entirely of independent directors and may meet as often as deemed necessary.

Board and Committee Meetings

The Board generally meets a minimum of four times per year, at least every quarter. The independent directors regularly meet in-camera, without management present, during each Board and Committee meeting. The Audit Committee meets at least four times per year. The Nominating and Corporate Governance Committee (the "NCGC"), Compensation Committee and the Corporate Responsibility & Technical Committee meet as deemed necessary. The frequency of the meetings and the nature of the meeting agendas are dependent upon the nature of the business and affairs that the Corporation faces from time to time. During the year ended December 31, 2019, the Board held ten meetings, the Audit Committee held five meetings, the Corporate Responsibility & Technical Committee held four meetings, the Special Opportunities Committee held two meetings, the NCGC held one meeting, and the Compensation Committee held two meetings.

Board Mandate

The Board has adopted a Charter of the Board of Directors (the "Charter"), the full text of which is included as Schedule "A" to this Circular. A copy of the Charter is also available on the Corporation's website at www.excellonresources.com.

Position Descriptions

The Board believes that its proposed composition, in which only one of seven members is currently a member of management, is sufficient to ensure that the Board can function independently of management and does not consider it necessary to have any formal structures or procedures in place to ensure that it functions independent of management. The Board Charter sets out the role and responsibilities of the Chairperson. A written description of the role and duties of the President and Chief Executive Officer is set out in his employment agreement with the Corporation. The Board has adopted written position descriptions for the chairs of the Board Committees.

Orientation and Continuing Education

All new directors are provided with comprehensive information about Excellon and its subsidiaries. Directors have the opportunity to meet with senior management to obtain insight into the operations of Excellon and its subsidiaries. New directors are briefed on the Corporation's current property holdings, ongoing exploration programs and mining operations, overall strategic plans, short, medium and long term corporate objectives, financial status, general business risks and mitigation strategies, and existing company policies. Senior management also makes regular presentations to the Board at its meetings and all directors are encouraged to communicate directly with management and other staff. Directors are invited to tour the Corporation's Platosa and Miguel Auza facilities in Mexico and to meet with the on-site management team to familiarize themselves with the Corporation's operations. This informal process is considered to be appropriate given the Corporation's size, current level of operations, and the ongoing interaction amongst the directors.

The skills and knowledge of the Board as a whole is such that no formal continuing education process is currently deemed required. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies, particularly in the natural resource

sector and involving non-Canadian mineral properties. It is the Corporation's view that all current members of the Board are well versed and educated in the factors critical to the success of Excellon. Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with management's assistance. Board members have full access to the Corporation's records. Reference is made to the table under the heading "Election of Directors" for a description of the current principal occupations of the members of the Board.

Ethical Business Conduct

The Board expects management to operate the business of the Corporation in a manner that enhances Shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Corporation's business plan and to meet performance goals and objectives. To this end, in October 2006 (subsequently amended and approved on September 12, 2018) the Board adopted a "Code of Business Conduct and Ethics" (the "Code") for its directors, officers and employees and, in appropriate cases, consultants. Interested Shareholders may obtain a copy by written request to the Corporation or by visiting the Corporation's website at www.excellonresources.com. Pursuant to the Code, the Corporation has appointed its Chief Financial Officer to serve as the Corporation's Ethics Officer to ensure adherence to the Code, reporting directly to the Board. A review of the Code is included in the orientation of new employees. To ensure familiarity with the Code, directors, officers and employees are asked to read and confirm their compliance with the Code annually.

In addition to the provisions of the Code, directors and senior officers are bound by the provisions of the Corporation's articles and the OBCA, which sets forth resolutions for any conflicts of interest. In particular, any director who has a material interest in a particular transaction is required to disclose such interest and to refrain from voting with respect to the approval of any such transaction.

Since adoption of the Code, there have not been any material change reports filed that pertain to any conduct of a director or executive officer that constitutes a departure from the Code.

Whistleblower Policy

In November 2011 (subsequently amended and approved on September 12, 2018) the Board adopted a Whistleblower Policy, which establishes procedures and systems that allow employees of the Corporation to confidentially and anonymously submit their concerns regarding questionable accounting, internal accounting controls, auditing matters or items which breach the Code, without fear of retaliation. Directors, officers and employees are required to report any known violations of the Code to the Chair of the Audit Committee. The Committee is responsible for investigating and resolving all reported complaints made pursuant to this policy, and may retain independent legal counsel, accountants or other advisers to assist it in its investigations. All reports will be promptly investigated and appropriate corrective action will be taken if warranted by the investigation. A copy of the policy is available on the Corporation's website at www.excellonresources.com.

Share Trading Policy

In October 2006, (subsequently updated and approved on September 12, 2018) the Board also adopted a Share Trading Policy which prescribes rules with respect to trading in securities of the Corporation where there is any undisclosed material information or a pending material development. Strict compliance with the provisions of this policy is required, with a view to enhancing investor confidence in the Corporation's securities and contributing to ethical business conduct by the Corporation's personnel. A copy of the policy is available on the Corporation's website at www.excellonresources.com.

Disclosure, Insider Trading and Confidentiality Policy

The Board adopted a written disclosure policy in October 2008 (subsequently amended and restated on April 29, 2014). The purpose of the disclosure policy is to ensure that all required disclosures are made on a timely and broadly

disseminated basis and are factual and accurate. The disclosure policy documents these requirements, which are intended to ensure compliance with the rules and regulations applicable to public companies and should be read in conjunction with the Share Trading Policy. The Disclosure Committee (comprised of the members of management) is responsible for overseeing and monitoring disclosure processes and practices within the Corporation. The Chief Executive Officer is responsible for ensuring the proper, coordinated disclosure of material information by the Corporation on a timely basis. A copy of the policy is available on the Corporation's website at www.excellonresources.com.

Board Diversity and Renewal Policy

The Board adopted a written Diversity and Board Renewal Policy on March 24, 2015 in recognition of the key role of diversity and new perspectives to the ongoing prospects of the Corporation. As such, the Nominating and Corporate Governance Committee weighs various factors in nominating new members to the Board, including age, gender, ethnicity and geographic residence, along with other key considerations relevant to an individual's skill and ability to provide valuable oversight of the Corporation's affairs.

The Board seeks to balance the depth of experience and institutional knowledge of current members with the need for renewal and new perspectives that may be brought by new nominees. The Board's renewal policy does not impose an arbitrary retirement age, but sets a guideline that independent directors may serve up to a maximum of 15 years, assuming they are re-elected annually and meet applicable legal requirements. Most recently, with the acquisition of Otis, the Board has seen significant renewal, with three new board members added. André Fortier, Chairman of the Board, was appointed a director in 2005 and has hit the maximum guideline under the Policy. In light of the Otis transaction, significant renewal to the Board and in the interest of providing continuity in direction of the Corporation, the Nominating and Corporate Governance Committee recommended to the Board that Mr. Fortier be nominated for election at the Meeting to act as a director for the forthcoming year.

The Corporation has not adopted a target regarding the representation of women on the Board and in executive officer positions as the Board considers highly-qualified candidates and considers diversity to include any dimension that can be used to differentiate groups and people from one another, including the respect for and appreciation of differences in gender, age, ethnic origin, religion, education, sexual orientation, political belief and disability. Gender diversity is only one element of the diversity criteria that the Board considers important.

The Corporation has not adopted a specific policy with respect to the representation of women in the director identification and selection process as, in light of current equity and commodity markets, current market capitalization, competition in the industry for qualified executives and directors and the currently small number of executive officers, non-executive employees in Canada and independent directors, gender targets for executive or board positions are not appropriate at this time. The Corporation currently has one woman executive (20%) among its five executive officers (Vice President and higher) and had two women executives among six executive officers (33%) as at December 31, 2019. The Corporation has had women on the Board from time-to-time, with the most recent female director retiring in connection with the acquisition of Otis in April 2020. The Corporation seeks opportunities to appoint female Directors on an ongoing basis.

The Board annually reviews the diversity policy to assess the Corporation's progress on diversity at the Board level and in executive officer positions. This review will enable the Board to assess the effectiveness of the diversity policy on an ongoing basis.

Committees of the Board

All Committees are composed of independent directors.

Audit Committee

The members of the Audit Committee are Andrew Farncomb (Chair), André Fortier and Michael Timmins.

The purpose of the Corporation's Audit Committee is to provide assistance to the Board in fulfilling its responsibilities with respect to matters involving the financial reporting process, the system of internal control and management of financial risks, the audit process, and the Corporation's process for monitoring compliance with laws and regulations and the Code. A description of the Audit Committee's responsibilities, the education and experience of its members, and a copy of the Corporation's Audit Committee Charter is contained in the Corporation's Annual Information Form for the fiscal year ended December 31, 2019, a copy of which is available on the Corporation's profile on SEDAR at www.sedar.com, and is also available on the Corporation's website at www.excellonresources.com.

Based on information provided by each director, the Board has determined that all members of the Audit Committee are "financially literate" as that term is defined in NI 52-110.

Nominating & Corporate Governance Committee

The members of the NCGC are Laurie Curtis (Chair), Andrew Farncom and André Fortier.

The role of the NCGC is to (1) develop and monitor the effectiveness of the Corporation's system of corporate governance; (2) establish procedures for the identification of new nominees to the Board and lead the candidate selection process; (3) develop and implement orientation procedures for new directors; (4) assess the effectiveness of directors, the Board and the various committees of the Board; (5) ensure appropriate corporate governance and the proper delineation of the roles, duties and responsibilities of management, the Board and its committees; (6) assist the Board in setting the objectives of the Chief Executive Officer and evaluating the performance of the Chief Executive Officer; and (7) review and provide recommendations in connection with resignations pursuant to the Corporation's Majority Voting Policy.

The NCGC is responsible for reviewing proposals for new nominees to the Board and conducting such background reviews, assessments, interviews and other procedures as it believes necessary to ascertain the suitability of a particular nominee. The selection of potential nominees for review by the NCGC is generally the result of recruitment efforts by the individual Board members, including both formal and informal discussions among Board members and with the Chief Executive Officer, and are usually based upon the desire to have a specific set of skills or expertise included on the Board. The appointment of new directors (either to fill vacancies or to add additional directors as permitted by applicable corporate legislation) or the nomination for election as a director of a person not currently a director by the Shareholders at an annual general meeting is carried out by the Board, based on the recommendation of the NCGC. Prior to proceeding with the nomination for appointment or election as a director, potential nominees are advised of the expectations for the commitment of time and resources necessary to serve as an effective director of the Corporation.

The NCGC is also responsible for overseeing a periodic evaluation process to ensure that each member of the Board, the committees, the Chairperson and the other directors are assessed in light of their relevant terms of reference. Directors complete a number of evaluation questions with respect to performance of the Chief Executive Officer, the effectiveness of Board as a whole, the individual committees of the Board and individual directors, and include a self-assessment of performance. The assessments are done by way of a confidential questionnaire distributed by the Corporate Secretary. Responses are returned to the Corporate Secretary with the results tallied on an anonymous basis. Cumulative results of the evaluation are analyzed by the committee and presented to the Board, which considers the results and any recommendation of actions needed to be undertaken to the Board's processes, composition or committee structure.

The Board has reviewed the overall expertise and skills of the Board as a whole, and does not consider it necessary, at this time, to add any additional directors, as it has not identified any particular skill set or expertise that it believes is lacking from the Board (as a whole). Additionally, most recently, the Board has seen significant renewal, with three new members added and the retirement of four other directors in April 2020.

The NCGC has a written charter, which was adopted on October 25, 2006 (subsequently amended and restated on August 14, 2013).

Compensation Committee

The members of the Compensation Committee are André Fortier (Chair), Andrew Farncomb and Roger Norwich.

The Compensation Committee's guiding philosophy is to establish executive compensation based on corporate and individual performance.

The Compensation Committee has a written charter, which was adopted on October 25, 2006 (subsequently amended and restated on August 14, 2013). The overall purpose of the Compensation Committee is to implement and oversee human resources and compensation policies and best practices for recommendation to the Board for approval and implementation. The responsibilities of the Compensation Committee generally include: (1) recommending human resources and compensation policies to the Board for approval and thereafter implementing such policies; (2) ensuring the Corporation has programs in place to attract and develop management of the highest calibre and a process to provide for the orderly succession of management; (3) assessing and reporting to the Board on the performance of the Chief Executive Officer; (4) reviewing the compensation of the Chief Executive Officer and other officers and members of the Board and making recommendations in respect thereof to the Board; (5) administering the Stock Option Plan, DSU Plan and RSU Plan; (6) reviewing and approving any proposed amendments to the Corporation's Stock Option Plan, DSU Plan, and RSU Plan; and (7) making recommendations to the Board concerning Option, DSU and RSU grants.

Other Board Committees

Corporate Responsibility and Technical Committee

The members of the Corporate Responsibility and Technical Committee are Laurie Curtis (Chair), Michael Timmins and Roger Norwich.

The Corporate Responsibility & Technical Committee is established to assist in the Board's oversight of the Corporation's risks, opportunities, responsibilities, commitments, activities and performance relating to health, safety, environmental affairs, community relations, community development, human rights, government relations and technical operational matters (collectively, "CR"). Specifically, the Board has delegated responsibility and accountability to the Committee for oversight of the Corporation's (i) CR strategy, objectives, performance and reputation management to ensure that privilege to operate is built, maintained and enhanced; (ii) management of CR risks; (iii) compliance with applicable current and future legal requirements associated with CR matters; (iv) development and implementation of policies, management systems and processes to ensure that the Corporation's goals, strategies, objectives, commitments and performance relating to CR matters are achieved; and (v) public reporting of CR matters and performance.
